POSITIONING

Who Pizza Colada is and why it matters

POSITIONING STATEMENT

***Pizza Colada is the only pizza in Gurgaon that brings
Afro-Caribbean flavour to slow-fermented sourdough —
bold enough to remember, clean enough to come back to.***

NOTICEABILITY

Nothing in Gurgaon looks or tastes like this. The Afro-Caribbean angle is completely unclaimed.

REMEMBRANCE

One bite of jerk-spiced sourdough is not easily forgotten. The brand reinforces this.

THE HOOK

"Sourdough met the Caribbean. Gurgaon got lucky."
— own it.

HERO TAGLINE

"Sourdough met the Caribbean. Gurgaon got lucky."

AUDIENCE

Who Pizza Colada is talking to

PRIMARY

18 – 28

Gurgaon-based, food-forward, health-conscious without being obsessive. Tracks macros or at least thinks about them.

Has a saved folder of food spots they actually want to try. Finds places through Instagram. Decides in 3 seconds. Stays loyal if it delivers.

Wants something interesting they don't have to justify eating. Pizza Colada is both.

SECONDARY

28 – 35

Eating clean most of the week. When they do order in, it has to be worth it — good ingredients, not heavy, not boring.

Pizza Colada is the first pizza that fits that without feeling like a compromise.

They'll order on a Tuesday because it doesn't wreck their week.

THE INSIGHT

They don't want to feel guilty, and they don't want to be bored.

Pizza Colada is the answer to both.

TONE OF VOICE

How Pizza Colada speaks

Confident, a little dry, never loud. Doesn't over-explain the health angle.

Mentions it once and moves on. Knows the food is good and doesn't need your validation about it.

SOUNDS LIKE

The person at the table who ordered something no one else had heard of and was completely right.

NEVER SOUNDS LIKE

A wellness brand or a pizza chain that puts "FRESH" in all caps.

IN PRACTICE

Instead of **Write** *"Our sourdough is made with the finest ingredients!"*
"48 hour ferment. Worth the wait."

Instead of **Write** *"Healthy AND delicious!"*
"Your body won't hate you for this one."

Instead of **Write** *"Experience the Caribbean!"*
"Flew in from the Caribbean. Landed in Gurgaon."
